

Reference: USA dogs

Taking pet dogs to the United States of America

If your situation differs in any way from the proposed process, or if you have information from the veterinary authority of the importing country that differs from the process described below, please contact your local state veterinarian to discuss the matter.

Exporters are advised to verify the requirements of the importing country by contacting the veterinary authorities, or their representatives in South Africa, in advance of each consignment.

Requirements

- A health check within 5 days of travel (dogs)
- A valid rabies vaccination - for primary vaccinations, at least 30 days prior to arrival. Booster vaccinations have no waiting period. In the case where a dog received the primary vaccination (after 3 months of age) and it has since expired, they may receive a booster and then travel immediately without having to wait 30 days.
- Puppies must not be vaccinated against rabies before 3 months of age, so the youngest that a puppy can be imported into the United States is 4 months of age.
- A current, valid rabies vaccination certificate that includes the following information:
 - Name and address of owner
 - Breed, sex, age, colour, markings, and other identifying information for the dog
 - Date of rabies vaccination and vaccine product information
 - Date the vaccination expires
 - Name, license number, address, and signature of **veterinarian** who administered the vaccination

Procedure

- Your dog should be taken to your local private veterinarian for a health check.
- Your veterinarian should complete a Veterinary Health Certificate (VHC) for the export of dogs from SA to the USA - Blank forms may be obtained from the State Veterinary (SV) office
- The signed VHC as well as your dog's vaccination booklet and microchipping certificate (if applicable) should be brought to the SV office for certification. You should also have your driver's licence or ID book available.
- Certificate application cost can be found on the departments tariff list (Cost per application R120 in 2016) each payable on appointment.
