BOREHOLE DEVELOPMENT APPLICATION FORM

**(PROVIDE DETAILS AND SUPPORTING DOCUMENTATION AS COMPREHENSIVELY AS POSSIBLE AND
HAND IN THE FULLY COMPLETED APPLICATION FORM AT YOUR NEAREST DEPARTMENT OF
AGRICULTURE OFFICE)**

1.

Name of Applicant	
ID Number	
Full name of registered owner	
ID Number of registered owner	
Contact number (1)	
Contact number (2)	
Email address	

2. **Postal address:**

3. **Residential address:**

4. Description of property where proposed borehole development is to be investigated:

(Note: If the application is renting the property for which the borehole is intended for, a contract disclosing all relevant information between landowner and land user MUST accompany this application)

Type of farming practised:

Commercial Farmer		Small scale Farmer		Subsistence Farmer	
--------------------------	--	---------------------------	--	---------------------------	--

Farm details:

Farm Name:					
No	Title deed number	Title deed details of property	District	Size (ha)	Longitude & Latitude
1	T				
2	T				
3	T				
4	T				
5	T				
6	T				
7	T				
8	T				
9	T				
10	T				

5. Is this area located within a Ground Water Control Area?

6. Is this area located within the jurisdiction of a Water Services Authority, Water User Association and or Irrigation Board:

7. The area or number of people and households affected by proposed borehole and water supply development, include status of HDI's:

8. Purpose for which the proposed borehole and water supply is to be used:

9. Provide a brief description of what the anticipated borehole- and water supply development should comprise of:

10. What is the proposed source of energy to pump ground water and who could be responsible to operate and maintain the proposed development with associated costs:

11. Are there existing boreholes in the nearby area?

12. Based on the available knowledge of the geology and groundwater in the area, what is the expectation to find suitable groundwater in terms of yield and water quality:

13. Has a hydrological investigation been completed, if so please provide a report:

14. Have boreholes been drilled, if so please provide a report:

15. Have boreholes yields been tested in accordance with standards applicable to the intended water use, if so please provide a report:

16. Have the respective boreholes' water chemical characteristics been analysed in view of suitability for the intended use, if so please provide a report:

17. Do the boreholes require screened casing:

18. Have the boreholes been equipped with pumps, pipe works and switchgear:

19. Have the boreholes been registered with the DWS or the local authority as required:

20. Have the Water Use been authorised by the Department of Water and Sanitation:

21. What percentage of support is required from the Department (mark with an X)

Request support	Approved support (Departmental Use)
20%	
40%	
60%	
80%	
100%	

Please note that the completion of a borehole application form does NOT in any way imply that the applicant will be awarded borehole support.

Please provide supporting documentation such as copies of: ID Documents, Title Deed/s, etc
