

Reference: SADC dogs and cats

## **Taking pet dogs and cats to SADC countries – Zimbabwe, Malawi, Botswana, Swaziland and Lesotho**

If your situation differs in any way from the proposed process, or if you have information from the veterinary authority of the importing country that differs from the process described below please contact your local state veterinarian to discuss the matter.

Exporters are advised to verify the requirements of the importing country by contacting the veterinary authorities, or their representatives in South Africa, in advance of each consignment

### Requirements

A valid rabies vaccination valid not more than 12 months and not less than 30 days prior to pets departure (see table below or discuss with your private veterinarian).

For a vaccination to be valid a veterinarian registered with the South African veterinary council has to take responsibility for the vaccination. Proof in the form of a vaccination certificate that complies with the rules published under the Veterinary and Para Veterinary Act 19 of 1982 and its amendments.			
Primary Vaccination		Revaccination	
Time of vaccination	Validity of immunity	Time of revaccination	Validity of immunity
3 months and older	<u>Dog &amp; cat</u> : One year beginning 30 days after date of vaccination.	Before validity of immunity expires	<u>Dog</u> : 3 years after date of revaccination. <u>Cat</u> : one year after date of revaccination.

- Puppies and kittens up to 12 weeks old may travel on their mothers' Rabies vaccination certificate. Puppies and kittens 12 weeks and older must have their own Rabies vaccination done. They may only travel 30 days after the Rabies vaccination has been administered.
- A health check within 7 days of departure. This is only valid for 10 days and must still be valid at the time of arrival into the country.
- A microchip is not mandatory but is highly recommended

### Procedure

- Your pet should be taken to your local private veterinarian for a health check.
- Your veterinarian should complete an Inter-territorial Movement permit which functions as a combined import /export certificate and health certificate. Blank forms may be obtained on the department website [www.elsenburg.com](http://www.elsenburg.com).

- The signed Inter-territorial Movement permit as well as your pet's vaccination booklet and microchipping certificate (if applicable) should be brought to the SV office for certification. You should also have your driver's licence or ID book available.
- There is no charge for certificates issued for SADC countries.
- For Malawi a General Veterinary Health Certificate can be used along with an import permit from the Department of Veterinary Services in Malawi. There is no quarantine necessary for Malawi

Any other queries can be directed to the State Veterinarian on duty via the contact details below:
