

EISENBURG AGRICULTURAL TRAINING INSTITUTE
Higher Education and Training

General Notice: Limit on module registration | 2026

In terms of the academic rules of the Elsenburg Agricultural Training Institute (EATI), a limit is placed on the number of times a student may register for the same module. These rules apply to all registered students. Students may register for a specific module a maximum of two (2) times. This includes instances where the module was discontinued after the final module change date as outlined in the Academic Year Planner. Students who reach this limit without successfully completing the module will be academically excluded and required to submit a formal application for readmission should they wish to continue their studies in the next academic year.

1. Communication

Students who are academically excluded based on this rule will be informed via email on or before 18 December 2025.

2. Administrative Procedure

The notification email will include the official Readmission Application Form, along with detailed instructions on the process to follow. Only this form may be used when submitting a readmission request.

3. Submission Deadlines

The closing date for submission of readmission appeals is 02 January 2026. Late submissions will not be accepted under any circumstances.
